ICANN ASO Address Council
NRO Number Council
RIPE 51
Amsterdam, October 2005
Address Council – AC

– Does not represent the RIRs directly

– Three representatives from each RIR Region

After the signature of the new MoU (Oct 21\textsuperscript{st}, 2004 - NRO), two elected and one nominated by each RIR Board

– The three representatives are not necessarily RIR members

– All interested parties may participate
The ASO Address Council is responsible for the organizational roles of

1. undertaking a role in the **global policy development process** as described in attachment A of this document.

2. providing recommendations to the Board of ICANN concerning the **recognition of new RIRs**, according to agreed requirements and policies as currently described in document [ICP-2].

3. defining procedures for selection of individuals to serve on other ICANN bodies, in particular on the **ICANN Board**, and implementing any roles assigned to the Address Council in such procedures.

4. **providing advice to the Board of ICANN** on number resource allocation policy, in conjunction with the RIRs.

5. **developing procedures for conducting business** in support of their responsibilities, in particular for the appointment of an Address Council Chair and definition of the Chair's responsibilities. All such procedures shall be submitted to the Executive Council of the NRO for approval.
POLICY FOR ALLOCATION OF IPv4 BLOCKS TO REGIONAL INTERNET REGISTRIES

- 3 September 2004 Policy forwarded to ICANN Board of Directors
- 8 April 2005 ICANN Board of Directors resolution

Meetings of the AC

• **Telephone conferences**
  – Jan, Mar, May, July, September, October, November, January
  – Special telephone conferences

• **Bi-Yearly Worksops**
  – VANCOUVER - November

• **Outreach and community input**
  – RIR policy meetings
  – ICANN meetings
Work in progress

• Advice to the ICANN Board on competition in addressing registries
• Web Site review / translation
• IPv6 *
• ICANN Strategic Plan *
IP v6 Global Policy

• Status of the Global Process
  – [http://www.icann.org/announcements/ipv6-report-06sep05.htm](http://www.icann.org/announcements/ipv6-report-06sep05.htm)
  – AC will give advice to the ICANN board once the process has finished
  – The ICANN board can then accept or return the proposal
ICANN Strategic Plan

• Refered to the NRO EC
• http://www.icann.org/strategic-plan/strategic-planning-issues-paper-04oct05.pdf
• Major issues
  – IDN.IDN and other developments to facilitate multi-language communication
  – Introduction of new gTLDs
  – IPv6
  – DNSSEC
  – enum
  – Internet security (from both a user and a government perspective)
  – Actions by governments
  – WSIS, WGIG
  – Increasing importance of participation by the global community in the policy development of the DNS
  – The future of the MOU or other contractual agreements with the US DOC
